### ***National Council on Compensation Insurance, Inc. (NCCI) News***

The Maine Bureau of Insurance has approved a change to NCCI's Exclusion of Maine Penalties for Unit Statistical Reporting. The change makes it clear that regardless of the reason, all penalties must be excluded from medical losses (incurred and paid), indemnity losses (incurred and paid), and Allocated Loss Adjustment Expense (incurred and paid). These penalties must not be recouped in the base rate, the premium or any rate filing. The filing is effective for claims valued no later than January 2011.

NCCI held its Maine State Advisory Forum at the Portland Country Club on October 21, 2010. The workers' compensation environment was described by State Relations Executive Laura Backus Hall as "precarious". ### ***From the Office of Information Services***

A recent question regarding how to electronically file a Notice of Controversy (Partial Denial) for a new employee-alleged Initial Date Disability Began when payments have already been made has generated a fair amount of discussion.

When a new employee-alleged Initial Date Disability Began is controverted, the information in the Initial Date Disability Began (DN0056) and Date Employer had Knowledge of Date of Disability (DN0281) should remain unchanged. The new alleged initial date of disability and the date that the employer was made aware of this new date must be entered into the beginning of the Denial Reason Narrative (DN0197). It is mandatory that these two dates be made part of the denial.

If the Initial Date Disability Began (DN0056) and Date Employer Had Knowledge of Date of Disability (DN0281) need to be changed as a result of Mediation or Hearing, the Claim Administrator must send a FROI Change Transaction (MTC 02) to update these two dates (DN0056 and DN0281), make payments as necessary, and amend and resubmit paper filings accordingly.

### *The Workers' Compensation Board has adopted a new audio- and videoconferencing policy regarding mediation.*

The new policy states: **Mediations shall be conducted telephonically unless both parties agree to appear in person. If it is available and feasible, and both parties consent, videoconferencing may be used instead of teleconferencing.**

As of October 1, 2010, requests to conduct the mediation in person must be agreed to by all parties and submitted in writing to the Board at least 7 days prior to the scheduled mediation. As of October 1, 2010, requests to conduct the mediation by videoconferencing must be agreed to by all parties and submitted in writing at least 7 days prior to the scheduled mediation so it can be determined if videoconferencing is feasible and, if it is, appropriate arrangements can be made.

Attendance by a party in person is permissible if they notify the other party or parties and the Board prior to the mediation.
